

**Pilot Project - Atmospheric Precipitation -  
Protection and efficient use of Fresh Water:  
Integration of Natural Water Retention  
Measures in River basin management**

Service contract n ENV.D.1/SER/2013/0010

**Regional workshop**

**Integration of natural water retention  
measures (NWRM)  
into river basin management in the  
Baltic Sea Region**

**30.-31.01.2014**

**Riga, Latvia**

## Goals of the event

- **To share views on factors for success, constraints and difficulties, that are relevant to the design and implementation of NWRM;**
- **To introduce the structure and functionalities of the knowledge base for sharing the experiences in NWRM in Europe;**
- **To identify expectations vis-a-vis the practical guide to be developed with in the frame of this initiative;**
- **To agree on follow-up steps for the regional network, while encouraging contribution to the case studies.**
